COMPANY OVERVIEW

ANU Transportation Services LLC provides delivery support for durable medical equipment, medical supplies and healthcare partners, including home health agencies, hospice organizations and community programs.

CORE CAPABILITIES

Durable medical equipment

- Wheelchairs, walkers, rollators and mobility aids
- CPAP and home medical equipment
- Hospital beds and lift chairs, subject to capacity and assignment-specific handling review

Medical supply delivery

- Incontinence and wound-care supplies
- PPE, respiratory and healthcare supplies
- Patient-care products and home delivery coordination

Healthcare logistics support

- Scheduled and last-mile healthcare delivery routes
- Same-day requests, subject to availability
- Inventory transfers and facility-to-patient deliveries
- Home health and hospice delivery coordination

WHO WE SUPPORT

- DME suppliers and medical supply companies
- Home health, hospice and healthcare providers
- Hospitals, community and government organizations

DIFFERENTIATORS

Community-focused coordination, responsive communication and flexible delivery support for healthcare and home-based programs.
